

Writing Numerals Poem

Number 1 is like a stick. A straight line down that's very quick!
For number 2 go right around. Then make a line across the ground!
Go right around, what will it be? Go round again to make a 3!
Down and over and down some more. That's the way to make a 4!
Go down and around then you stop. Finish the 5 with a line on top!
Make a curve, then a loop. There are no tricks to making a 6!
Across the sky and down from heaven. That's the way to make a 7!
Make a "S" and then don't wait. Climb up again to make an 8!
Make a loop and then a line. That's the way to make a 9!
